Right-wing "think tanks" are some of the many racist organizations in the U.S. responsible for creating the climate that makes massacres such as El Paso, Dayton, Gilroy, Charleston etc. possible. For example: Fundamentally based in a eugenics worldview, the Appleton-based John Birch Society and the Milwaukee-based Bradley Foundation are behind some of the most horrific Jim Crow type Austerity in U.S. history. In Wisconsin, Michael Grebe of Bradley was the Chair of Scott Walker's gubernatorial campaign committees.... (And Bradley funds a host of like minded right-wing organizations such as Americans For Prosperity, the Heritage Foundation, the Mackinac Institute, WILL etc. and all of them support and push union busting, deregulation, Jim Crow-type discriminatory measures/laws etc.
