

They Ain't Peaceful — The Rich Violently Loot Wisconsin 24/7! (They Are Who the Police Really Protect)

In a 2011 interview, Grebe emphasized the Bradley Foundation's continued funding of right-wing think tanks and advocacy groups.

*"In many respects, being stewards has caused us to continue funding what some of us refer to as the conservative intellectual infrastructure in this country through think tanks, academics and publications," Grebe said. "We continue to do that. I don't think as a matter of philosophical orientation, (the foundation) has changed much in that area. We still look for conservatives who are developing ideas in public policy." — **Michael Grebe**, former President and CEO of the Bradley Foundation and Board Member, Wisconsin Institute for Law & Liberty (sourcewatch.org)*
