

WE NEED JOBS, HOUSING & HEALTHCARE NOT HATE!

"The press is so powerful in its image-making role, it can make the criminal look like he's a the victim and make the victim look like he's the criminal. This is the (capitalist) press, an irresponsible press. It will make the criminal look like he's the victim and make the victim look like he's the criminal. If you aren't careful, the newspapers will have you hating the people who are being oppressed and loving the people who are doing the oppressing."

- El-Hajj Malik El-Shabazz / Malcolm X -

Malcolm X's speech at the Audubon Ballroom in Harlem (December 13, 1964) as quoted in "Malcolm X Speaks: Selected Speeches and Statements, "(p. 93), 1965.

The rich want to spread their poison to divide working and poor people in Wisconsin and everywhere. It wasn't African Americans who shutdown paper mills and other industrial plants destroying thousands of union jobs and devastating communities. Immigrant workers, the Indigenous, women and LGBTQ people aren't responsible for the closing of dozens of other factories in Wisconsin—or Act 10 or right-to-work-for less. And we know it's the police that protect the bosses and their political servants while they steal our jobs, homes and safety nets like unemployment benefits.

The police right now across Wisconsin and the country, are assisting the rich in forcibly evicting working people of all nationalities from their homes - in the midst of a pandemic! These are the same police who are attacking Black Lives Matter activists and supporters.

It's the Americans For Prosperity, the Bradley Foundation, the Koch Brothers and other Wall Street forces and the Pentagon who are attacking us—and they are protected by the police.

The wealthy and powerful want to get rid of Social Security, Medicare, Medicaid, Unemployment Benefits and everything else we've won in the last 80 years. That's what the budget fights in Madison and Washington D.C. are all about.

The only weapon we have to defend our unions, to have health and safety protections, to fight foreclosures and evictions, to have public education, to oppose racism and other divisions that divide us, is our unity as working and poor people.

Bigots do the dirty work of big business. Don't let Wisconsin be overrun with hate and division! Defend the unity that brought a hundred thousand people to Madison to fight the union buster Walker!

Say NO to racism! We need jobs and other people's needs right now—not division. Join the People's Movement in building a Wisconsin where we and the next generations are living in peace and unity not hate! And where we have everything we need to thrive as humans in harmony with Mother Earth! All power to the people! Si Se Puede! Vencemos!
